A106 Labs and Assignments

1) Homework/labs are due at the beginning of class on the assigned due dates. If they are done with MyIt Lab, then there will be a due date they have to be submitted by or it will not count, and if it is something to turn in put it on front desk when you come in. If you are unable to make it to class, then have a friend turn in it for you.

2) The MyIt labs can only be done by the individual student. If you try to send it another student to submit, the program that reads them will see this and not count it.

3) Lab attendance is mandatory and is graded as part of the final class grade. 50 points allocated for attending 90% of labs or more, 40 points for 80% or more and so on.

4) If any lab has pages to actually turn in you must make sure your name is on the first page and that they are STAPLED in the top left hand corner. **DO NOT FOLD OR USE PAPER CLIPS!!**

5) Each person must turn in their own separate Homework/lab.

6) Homeworks/labs are not accepted via email!

7) There may be up to five assignments to be done as well. These are done through MyItLab and will cover the lecture book used in class. These are not accepted late either.
