To help programmers become better programmers remember following tips!

In selling property, three things that are very important:

1) Location!
2) Location!
3) Location!

Almost same to be a good programmer, but three things are:

1) Practice!
2) Practice!
3) Practice!

Following are also important:

1) If you tell me how, I may forget.
2) If you show me how, I may remember.
3) If I do it, I will understand!!
